- | | |
|-----------------|---|
| 8:00 AM-1:00 PM | MOUG Board Meeting |
| 1:30-6:30 PM | Registration |
| 2:30-3:30 PM | Enhance and Expert Community Session |
| 3:30-4:30 PM | Plenary Session: OCLC and Non-MARC Metadata
We will hear about Baylor's experience using CONTENTdm and also get an overview of OAIster.

Amanda Harlan (Baylor University)
Casey Mullin (Stanford University) |
| 4:30-5:00 PM | Cookies and lemonade |
| 5:00-6:30 PM | Plenary Session: FRBR/FRAD: A Conversation
We'll start this session hearing from the experts about what the intentions behind FRBR/FRAD are and how FRBR/FRAD has been implemented in RDA. We will also be introduced to OCLC's GLIMIR project, a global library identifiers project which extends the FRBR research to the manifestation level. From there, our moderator will gather talking points and questions that warrant further exploration from the audience. The conversation will then be turned over to the audience, as we break out into smaller groups to discuss those talking points and questions more thoroughly.

<i>Moderator:</i> Jenn Riley (University of North Carolina-Chapel Hill)
<i>Panelists:</i> Jean Harden (University of North Texas)
Jay Weitz (OCLC) |
| 8:00-9:00 PM | NACO-Music Project |
